

Technical Data Sheet

FLEXOGRIP™ GT12-36P

DESCRIPTION

- Industrial protective glove color dark blue
- Made of textiles with palm PU coated
- 5 available sizes: 7, 8, 9, 10 and 11
- Packed in 12 pairs, 144 pairs per carton.

CHARACTERISTICS

- Light textile made of high performance fibers UHMWPE and stainless steel, Polyamide, Spandex®
- **Gauge 18, high fineness.**
- **Glass-free glove**
- Coated on palm and fingers (palm-fit) with grey PU based formulation.
- Exceptional comfort for an enhanced cut protection with one of the lighter textile mesh available
- Elasticated knit wrist with elastic bead to ensure best snug-fit.
- Certified by authorized laboratory in conformity to norms EN420 (General requirement) and EN388:2016 (Mechanical hazards).

PERFORMANCES

- Exceptionally high flexibility and dexterity grant the higher comfort in use.
- Within the lighter gloves offering high cut protection, it lowers the fatigue
- Optimal protection against cut and excellent against abrasion.

APPLICATIONS

- To manipulate small objects where medium-high cut protection is required, in dry and dirty conditions
- Assembling works, quality control, mechanical industries, automobiles, metal work quality control, packaging, glass etc.

LIMITATIONS

- Not suitable to work in highly oily work station and to manipulate liquids.
- Do not use to manipulate pointed objects
- Do not use with rotating machines such as drills, lathes, etc, in which glove may get caught.

This glove is certified to comply with the essential safety requirements of the regulation (EU)2016/425 relative to Personal Protective Equipment submitted to CE type examination issue by a notified laboratory which certifies the conformity of this glove with the EN standards to which it responds and certifies the performance levels obtained during the tests
